In re Application of  
Teresa M. Zander et al.  
Application No. 10/749,871  
Filed: December 30, 2003  
Attorney Docket No. 659-2080

:  
:  
: DECISION ACCORDING STATUS  
: UNDER 37 CFR 1.47(a)  
:

This is in response to the petition filed November 15, 2004 under 37 CFR 1.47(a).

The petition is **GRANTED**.

The above-identified application was filed on December 2004, naming Teresa M. Zander, Kristi Jo Bryant, Debra A. Haase, Sheila M. Heyrman, Kim Hoertsch, Adrienne R. Loyd, William G. Reeves, Garry R. Woltman, Theodore T. Tower as joint inventors but without a signed declaration. Accordingly, on August 9, 2004, a "Notice To File Missing Parts of Application" was mailed, requiring *inter alia* a properly executed oath or declaration.

In response, an oath or declaration executed only by joint inventors Zander, Bryant, Haase, Heyrman, Loyd, Reeves, Woltman and Tower, an extension of time request and the instant petition under 37 CFR 1.47(a) was filed. The petition argues that joint inventor Hoertsch refuses to cooperate with the filing of the instant application.

A grantable petition under 37 CFR 1.47(a) requires: (1) proof that the non-signing inventor cannot be reached or refuses to sign the oath or declaration after having been presented with the application papers (specification, claims and drawings); (2) an acceptable oath or declaration in compliance with 35 U.S.C. §§ 115 and 116; (3) the petition fee; and (4) a statement of the last known address of the non-signing inventor.

The petition bears proof that efforts to have Ms. Hoertsch join in the filing of the instant application, including mail to the last known address and telephone calls, but that Ms. Hoertsch has not complied with the requests to have the oath or declaration executed and thus by her actions refuses to cooperate with the filing of the application.

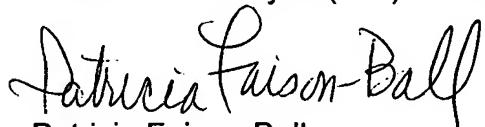

The above-identified application and papers have been reviewed and found in

compliance with 37 CFR 1.47(a). In view thereof, this application is hereby accorded Rule 1.47(a) status.

Thus, as provided in Rule 1.47c, this Office will forward notice of this application's filing to the non-signing inventor at the address given in the petition. Notice of the filing of this application will also be published in the Official Gazette.

The application is being forwarded to Technology Center 3765 for examination in due course.

Telephone inquiries concerning this matter may be directed to the undersigned Petitions Attorney at (571) 272-3212.
